comfortable

ESOS®

ESOS is the ideal seat for use on city buses. The plastic shell of the ESOS seat is extremely smooth, so that dirt and mess only stick in extreme cases, and the seats are very easy to clean. The cushions are incorporated in the shell, thus providing an ideal edge protection.

The ergonomically shaped plastic shell allows for the best use of space, as well as great sitting comfort.

Further strengths of the ESOS seat include its understated design and extraordinary robustness, as well as its extremely low weight.

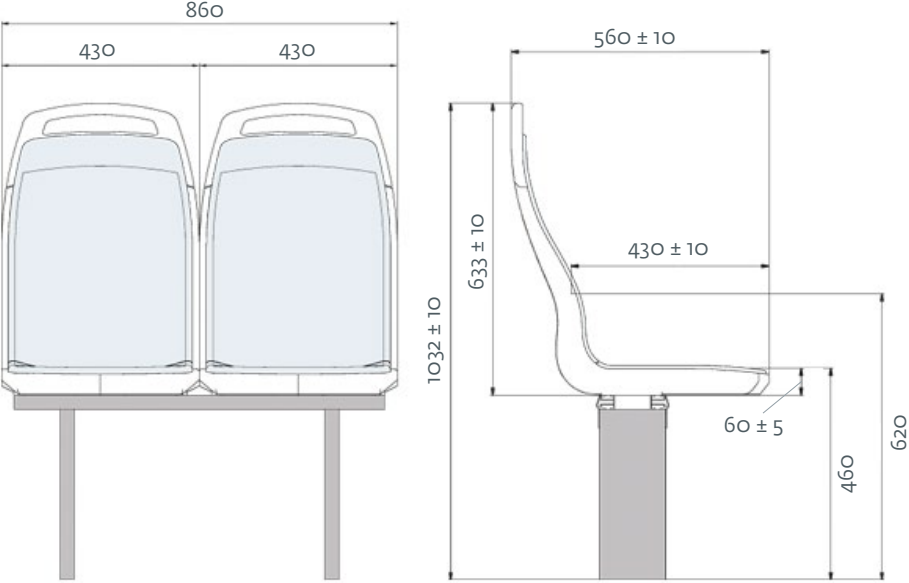

Product features and benefits:

- **Extremely robust thanks to the use of innovative materials**
- **Ideal shaping with a high backrest, to provide good sitting comfort**
- **Easy to assemble**
- **Anti-vandalism protection**
- **High-quality and long-lasting foam cushion**
- **Cushions can be easily replaced using the quick-change system**
